History

ArtsUnited, Inc. is a nonprofit gay and lesbian arts organization founded in 1999 in response to the growing need of local LGBT artists for an interactive and supportive working environment.

Mission

ArtsUnited's mission is to use the arts to break down historical barriers preventing lesbians and gays from contributing fully and openly to the cultural, social and economic success of South Florida. We strive to accomplish that in many ways including programming art exhibits and performances in mainstream public venues, social networking opportunities, and workshops and seminars.
